

Opportunity at RACL

RACL was established in 1995. Since then, we have had so many dedicated teachers and parents working here as the backbone of our academic team

Our academic opportunities are open to everybody, especially for those who love children, love teaching, and have the enthusiasm to work for our community. The specialties and the knowledge that everyone brings are our school's foundation for success. We do and always will welcome your expertise and support.

Dedicated Chinese language teachers who are proficient in Hanyu Pinyin (Chinese phonetic system), Putonghua (Mandarin), and Jianhuazi (Simplified Chinese) are our prime candidates. Good YuWen (Chinese) background and previous teaching experience is preferred.

In the past years, a significant part of our teaching community has been RACL parents. They have a natural connection to our school and have always done a great job. We continue to encourage interested parents to join our academic team.

Please forward your resume and application form to Jie Li, RACL Academic Director, at jieli03@yahoo.com or call 419-8014.
